

Fall 2010

[www.ourfallensoldier.com](http://www.ourfallensoldier.com)

Our Heroes' Journey continues to grow in popularity and proves to be a viable and much needed resource for our military. The founders of Ourfallensoldier.com which was established over four years ago, has created a major project "Our Heroes' Journey" to address the significant needs they see through their daily interaction with many military and their families, of all branches of service. Through public donation, grants and corporate donations we are hopeful that this program will expand to many military bases across the United States.

Since its inception, in January, Our Heroes Journey has adopted three units at Camp Pendleton, CA. We are currently reaching over 1000 Marines through our current efforts.

We have a "Boots on the Ground" approach to our interaction with military and their families. We strive for personal connections and interaction with the service member, their spouse and the children. Our goal is to support them before, during and after deployment. Multiple deployments over the last 9 years of war have taken an emotional, physical and mental toll on not only the service members, but on their spouses, their marriages, their children and their extended families.

## Two Combat Wounded Warriors from Camp Pendleton, CA throw out

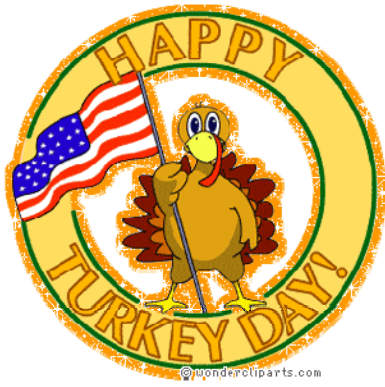

ceremonial 1st pitch at San Diego Padres Game. Our Heroes Journey in collaboration with The American Patriot Program paid honor with a on field presentation of two custom engraved baseball bats by Trinity Bats of Fullerton, CA. Sgt. Richard Gonzalez and Gunny Blaine Scott were awarded for their sacrifices during current combat activities. Both are Purple Heart recipients. They were given spontaneous standing ovation by the crowd.

Jack Colnot, Founder of Our Fallen Soldier and Co-Founder, Kelly Luisi, were honored to make this special presentation to these two remarkable Marines. Both were nominated for this award through The American Patriot Program that recognizes the sacrifices of our military by special on field presentations.

The families of both these honorees were in attendance and were treated to a very special day at the ball field by the San Diego Padres. A local Subway restaurant also provided sandwiches for a pre-game ceremony for the families. Sammy's Wood Fire Pizza of downtown San Diego also treated both families to dinner at their restaurant after the game.

Our Heroes' Journey was honored to be in the presence of these TRUE American Heroes.

## Annual “Turkeys for Troops” Campaign

October 1<sup>st</sup>, 2010 kicked off the 3<sup>rd</sup> Annual “Turkeys for Troops” campaign. During the entire month of October and for 3 weeks in November we will be collecting donations for this special event. This program is a Simple and easy way for everyone to THANK a Marine or Soldier at Thanksgiving! All money raised during this campaign goes directly to providing Military singles and families turkeys at Thanksgiving. Many of our service members are serving our country at bases far from their families and loved ones. Many don't have the opportunity to get home for the holidays. This program allows us to provide “Turkeys” to as many Troops as our way of Giving-Thanks, on behalf of America, to those that protect our freedom and the freedom of others.

Help us make this a success and donate today at [www.ourfallsoldier.com](http://www.ourfallsoldier.com).

## Oorah!!! Young Warrior Days at Camp Pendleton was a blast!

Over 100 children from Squadron 469 came out to play in the fields of Camp Pendleton the last week in August and learn the ropes of what their parents do for our country. This was a day for the kids to get hands on experience with all the extraordinary things their parents do on a daily basis to serve our country.

The Marines and their kids explored the Helicopters on the flight line, participated in Martial Arts Demonstrations, had Night Google Experience, ran P.T. Obstacle courses, and ate MRE's. The overwhelming response was that they all had lots and lots of FUN!

## Our Fallen Soldier & Our Heroes' Journey (a major project of ourfallsoldier.com)

Thanks our supporter for giving us the opportunity to provide for our military and their families.

All Donations are tax deductible....
